MR. JOHN A. CONTE
7745 Loma Vista Drive
Kansas City, Missouri 64138

Dear Mr. Conte:

It was a pleasure having you visit our Kansas City Works and having the opportunity to acquaint you with the advantages offered by our company. Our supervisors were impressed with your qualifications and, accordingly, we are offering you employment as an Engineer in our Wired Equipment and Piece Parts Department. This offer, of course, is dependent upon your successfully passing a physical examination administered by our company doctor.

The salary for this position has a base rate of \$850 per month for a five-day, forty-hour week. You will be remunerated on a premium pay basis for authorized overtime in excess of standard hours. Salary adjustments beyond the starting rate are based on achievement and progress is subject to review quarterly during the first year of employment and semi-annually thereafter.

We would appreciate your writing us of your decision at your earliest convenience and, if you accept our offer, the date you can report for work.

We are looking forward to you joining our organization.

Yours truly,
